Enrolment Application

Students requiring Significant Educational Adjustments
**Introduction and Rationale**

The Enrolment Application and Support Procedures for Students requiring Significant Educational Adjustments operates within the Policy – Students with Disabilities for Brisbane Catholic Education schools. This policy statement, consistent with the Vision Statement and Strategic Renewal Framework 2007-2011, reflects the ongoing commitment of Brisbane Catholic Education to the incorporation of inclusive practices in schools and is guided by the principles of justice as reflected with Church, education and legal areas. The enrolment of a student requiring significant educational adjustments is the concern of the whole school community within the church.

The process seeks to reveal and clarify the characteristics of the learner, and to assess the relevant adjustments for accessing the learning and the implications of these for the school, the family and the student. A partnership approach is foundational to this process and leads to an appropriate response to the student's educational needs. The enrolment application and support procedures are used when it is considered likely that significant educational adjustments will be needed to support a student's initial enrolment and/or for ongoing service provision.
