

Do you love science? This is your time to shine. As part of STEAM week, we are inviting students to share their projects done at home that highlight Science. You may work by yourself or in a group of up to 3 people.

If you wish to enter a science project that you will complete in your own time you will need to...

1. Pick a science Project
2. Check your idea with a teacher at school for safety.
3. Research the information
4. Present it in a way that is fun, and people will enjoy looking at it.
5. Bring it to School by Thursday 12th August. (ready for Science fair 13th August).

For ideas talk to your teacher or Mrs. Savatovic in the library.

If you wish to enter, complete the entry form below.

I _____ (name) class _____ intend to enter the science fair competition on August 13th 2021.

The project that I am presenting is _____

Parent Signature _____

Please return to Mrs. Savatovic in the library
