

Dear Parents/Carers,

This term, students are invited to participate in a STEM to be run by Travis Price and Steph Savatovic, after school on Fridays. This activity will begin the second Friday of the term (23rd July).

Students from Grades 3-6 may participate. The students who attend will learn a variety of STEM skills through play. They will have the opportunity to work with physical materials as well as robotics and digital technologies.

Students must be collected from the library promptly at the end of STEM club by one of the parents/guardians listed on the permission slip below. Please ensure this slip is returned to Mr. Price or Mrs. Savatovic before or on the day of the first day your child attends.

Who – Students in Years 3 – 6

When – Friday afternoons Term 3, 3.15-4.00pm **Weeks 2-9**

Where – St. Bernard's Library

Why – To have fun, learn STEM and problem solving skills and make friends

Please feel free to contact either one of us with any questions or concerns.

Regards,

Travis Price and Steph Savatovic
